## OBITUARY

# William Wayne Harden Sr.

William Wayne Harden, Sr., long-time resident of San Manuel, passed away on Sunday, March 2, 2014. He was 71 years old.

William (or "Bill," as he was known to most people) was the youngest of two children born to William H. Harden and Catherine Keefer Harden on November 5, 1942, in Brownsville, Pennsylvania. Bill and his family moved to Tucson, Arizona, when he was four years old; and Arizona would become his permanent home. Bill graduated from Pueblo

High School in Tucson, Arizona, in 1961 and joined the United States Navy. He served a four-year term and was

honorably discharged in 1964. He came back to Tucson and worked at Rainbow Bakery. He also started his own family, marrying the love of his life, Margaret Ann Borders, on March 28, 1965.

He was offered his first position in the mining industry at Cypress Pima Mining Company in 1969. He was one of the youngest bosses in their history. Mining then became his career. Bill's vast knowledge of mining led him from copper mines to coal mines to gold mines and eventually back to copper. He settled his family in San

Manuel, Arizona, after being hired on at Magma Copper Company in 1978. He was also one of the youngest bosses in Magma's history, and he helped to establish the open-pit mine.

He retired from BHP Copper Company in 1999. During his retirement, he loved to sleep late and read the paper. He could also be found every afternoon having coffee with his friends at the Minit Market. His greatest treasures were his grandchildren.

Bill was preceded in death by his beloved wife of almost 50 years, his parents, two brothers-in-law, and two nephews.

He is survived by his children, William, Jr., Gretchen, and Kristen; a sister, Sandra (Joe) Aguilar; a sister-in-law, Linda (Raymond) Quintero; a dear friend, Debbie Duncan; nine grandchildren, Charlene, Stephanie, Tyrell, John, Sarah, Andrea, Justin, Mary, and Dylan; and three great-grandchildren; numerous nieces and nephews; and countless others who, although not blood-related, he loved just the same.

Bill was a great man with a big heart. He will be remembered for his sense of humor, love of family, and, of course, his obsession with fishing. He was well respected and well liked. Bill leaves a space no one will ever fill. He will be deeply missed.

## LETTER TO THE EDITOR

# Why destroy something as great as the Arizona Trail?

On Feb. 19, 2014, we noticed several vehicles parked at the Florence-Kelvin trailhead on the Arizona Trail. The people who concern themselves with developing the local economy will be heartened to know that none of them were from Arizona; they included vehicles from Wisconsin, Montana, Colorado, Alberta and British Columbia. These kinds of visitors, out enjoying a day on the trail, take very little from the area and likely leave only money.

It was disheartening to see that someone had put about 12 rounds into the distinctive metal Arizona Trail sign recently installed there, as well as many more into the other trailhead signs. These signs were purchased by a grant from Arizona State Parks, and installed largely by volunteers, who drove many miles to each site and worked the day to install them. Being of unique design and construction, replacement will be very expensive.

This senseless destruction elicits two emotions. The first is rage that anyone would destroy something so senselessly. The second takes a little time and reflection to experience, and that is sympathy for the person who did it.

The Arizona Trail connects deserts, mountains, canyons, communities and people. It and the facilities that accompany it exist to a great extent through the volunteer efforts of a community of generous, public-

minded people who share a love and passion for the beauty of Arizona. It is a wonderful, friendly, enriching and rewarding experience to be part of this community. How unfortunate that anyone would feel so isolated and disconnected from his or her community that they would wantonly destroy part of it.

## SHERIFF'S REPORT

Continued from page 2

Burglary and criminal damage were reported at Mountain Vista School in Oracle.

Assault was reported in the 2600 block of W. El Paseo, Oracle.

### March 4

A brush fire was reported in the area of N. Hwy. 177 and E. Tristan Rd., Kearny. Kearny Police reported that the fire was a controlled burn by Copper Basin Railway.

Threatening/intimidation was reported in the 100 block of E. Second St., Mammoth.

Theft of hats was reported in the 60000 block of E. Arroyo Vista Dr., Oracle (SaddleBrooke West). The hats were valued at approximately \$2,000. It was later determined that the appropriate reporting agencies were the New York Police Department and Oro Valley Police Department, since the hats were thought to be taken by a moving company based in the Bronx, New York and were being transported to a home in Oro Valley.

Theft of a cell phone was reported in the 700 block of S. McNab Pkwy., San Manuel.

### March 5

Burglary was reported in the 44000 block of E. Avenida Dos Gatos, SaddleBrooke.

Vehicle theft was reported in the 100 block of S. Avenue B, San Manuel. The vehicle was described as a green golf cart.

### March 7

An unattended death was reported in the 38000 block of S. Rolling Hills Dr., SaddleBrooke.

### March 8

An accident with injuries was reported in the area of S. Willow Springs Rd., Oracle. The two-vehicle accident involved a white Jeep Rubicon and a Black Dodge truck.

### March 9

Burglary was reported in the area of S. Bobcat Canyon Dr. and S. Ridgeview Blvd., SaddleBrooke.

## LETTER TO THE EDITOR

## Mammoth mayor's wife speaks out

My name is Lorena Barcelo, wife of current Mayor Alvaro Barcelo. At this time I felt the need to write this letter to talk a little about my life with Alvaro. We have 3 kids: Briana, Jessica and Omar 23,22 and 14 years of age.

For the past 22 years, Alvaro has been serving on our Town of Mammoth's Town Council, which he has received awards of recognition for him serving our Community. All these years, my kids and I have learned to accept that serving the Town Council is very important to Alvaro, and this is something we respect. For him this is his passion, he has always had hope that this Town would grow, succeed, and help build a better way of living for our citizens. In these 22 years, not one payment has been received for his time served, it has all been volunteer.

My kids are now grown and my oldest, Briana, took the opportunity and applied for a job at the Mammoth Town Hall. Before interviews were ever held, she volunteered her time, away from her kids and family for a whole month prior to any hiring. Among those who interviewed her was former Vice-Mayor Frances Wickham. The outcome of her being hired was a lot of criticism,

nothing but bad comments and assumptions that she is not qualified, all because she is the Mayor's daughter. I, first hand, can say this assumption of her capability is wrong. Since a young girl she has been very intelligent and driven. She received much recognition, all the way to her graduation day. She attended Pima College and also received a diploma in the Dental Field. What makes people think she is getting paid for a job that she is not qualified to do, after almost 2 years of employment with the Town? Is being the Mayor's daughter the only qualifications she needs to be employed? I know for a fact that it is not possible.

Unfortunately, among our Town, I have learned of a small group of people who call themselves "people for a better tomorrow" are saying false information, "rumors", about Alvaro and our Family. I'm sure among these lies, it was said he is taking "advantage" of his position as Mayor and giving jobs to only his family members. Yes, my daughter's boyfriend is also employed through the Town, but just like any other citizen, he went on his and applied. Made it a point to talk to the Public Works Director. I am not only saying this because he is my daughter's partner, but he

is a responsible, hard-working young man who takes pride in the work he does. He worked even harder to prove himself for the people, even to some members on the Town Council who disliked him simply because of his relation to the Mayor. People assume everything must have been handed to them, when in fact, it was harder on them only because who their related to.

Citizens of Mammoth are finally able to see the changes in our Town. Our parks are finally being maintained there are new businesses interested, and soon to come. The Reverse Osmosis Water System; Mammoth is finally going to have the privilege of having filtered water, something we never had before. Our Town has been improving, so, what is the problem I ask? Mammoth is known as a "Ghost Town", which we are not, and it is now beginning to show. When members of this "group" are knocking at your door telling you all of these negative comments of Alvaro and the Town Council, please keep in mind all the positive changes that have been made in just this past years. If in doubt, come to Alvaro with any questions or concerns, he will be more than happy to answer.

Members of this same "group" were at a Catholic Church handing out flyers, with again, negative stories. What kind of people would think to take such actions to a Church of God. I believe mixing politics and religion is something you should never do. How could this have been allowed? Among this group, active Council member Frances Wickham, who refers to us Citizens, as well as Town Employees as the "Little People", is this the kind of respect that "group" has for our Town? So much effort, and all for a signature.

My only hope is that the people realize the facts and choose someone who truly cares for the Town of Mammoth, the way Alvaro has. Someone who lived in our Town as long as he has (his whole life). If he is replaced, my only hope is that Mammoth continues to grow and succeed and all projects are followed through and completed. He, as well as I, will always be thankful and grateful for the people who believed in him and supported him. If his time as Mayor is up, it will not be because he gave up, it will be because that is what the Citizens of Mammoth have chosen.

Respectfully,  
/s/ Lorena Barcelo

## LETTER TO THE EDITOR

## Two sides to every story

At a recent Town Council Meeting Councilwoman Frances Wickham made some ridiculous statements during council comments. First she accused the Police Department of throwing her agendas on the ground at her home. I guarantee and assure you this is simply not true. When I heard this complaint I spoke to the officer who advised that he was not able to get to the back door due to the secured fencing, so he left her agenda as always on her vehicle windshield. The officer also said he was not able to get to the side door as well, because it was blocked by several items. The officer was shocked that Councilwoman Wickham would even make a false claim against him. I believe my officer and stand by him, this is nothing more than a cheap shot at the Mammoth Police Department by Councilwoman Wickham.

The other comment made by Councilwoman Wickham was about her not knowing the officers and it seemed like a revolving door. Yes Officers have been let go, did not make probation, left to other agencies for higher pay, left to other agencies for the higher call load, had their certification revoked by AZ Post, or left for personal reasons. When we had employee issues, Councilwoman Wickham was briefed on the situations and said she supported my decisions and stood behind me. Councilwoman Wickham supported me as Police Chief, and always supported the Mammoth Police Department. Frances Wickham voted for me as Police Chief, and praised me and my department several times at different meetings. At the last Council meeting Francis Wickham pointed at my officer wanting to know who he was. I knew she met this officer 2-3 times prior

according to the same officer and the Police Commissioner. My response to Councilwoman Wickham was maybe if you came to the office more you would know my employees. I told her the officer's name and again repeated myself about the lack of her coming around the Police Department. Councilwoman Wickham used to come to my office or talk to me on a weekly basis. When Frances Wickham was demoted she stopped coming around and began to attack like Councilman Joe Brewer.

Prior to Councilwoman Wickham's demotion I saw a change in her not trusting employees. These same employees that she would bad mouth were the same employees who voted her into office and believed in her. The

Town Manager Patsy Large would make the list as well with Councilwoman Wickham calling special meetings at the community center wanting information about the Town Manager. Wickham would ask me questions about Patsy Large or make accusations, which I denied and had no clue what she was talking about with the Police Commissioner as my witness. I did support Frances Wickham and did say if one goes down we all go down. At her demotion she turned this into a negative comment against me. Frances Wickham knew exactly what this comment meant and agreed with me. This was a positive comment because we were all a team and worked hard as a team. We went through so much to try and make a

difference in Mammoth. It was surprising when Frances, along with Brewer, turned on us. These two council members always seem to attack the Department Heads, the Town Manager, or Town Council. These two council members are teaming up with others from out of state, who have also attacked us in the newspapers or at the Council Meetings. Former Vice Mayor Frances Wickham has attacked the local businesses by saying not to buy food or hardware from them because they were not supporters. Wickham has accused a local business for making money and profit off the food bank She has also accused an employee's family members of stealing at the food bank, saying they are selling the food at local concession

stands. I have been a loyal employee with the Mammoth Police Department for fifteen years. My wife and I made the town of Mammoth our home. Mammoth has been a great place to live and raise our four children. I see the good things Mayor Barcelo is trying to do in our town. The Mayor spends a large amount of time after his regular work days supporting the local businesses, trying to bring in new businesses, or overseeing Public Works and Police projects. The Mayor talks to the employees and the citizens because he cares. Vice Mayor Medina, Councilman Romero, Councilman Gallego,

and Police Commissioner Juan Barcelo are also a big part what goes on in our town, and care about the employees and citizens. During my daily patrols I see the other two council members involved with the recall committee around town, rather than what's going on in the Police Department, Town Hall, or Public Works. They should spend their time making the Town of Mammoth successful and profitable, instead of focusing on negativity and not working as a team.

# Juan Enriquez one man show at Linda Vista

By **John Hernandez**  
San Manuel Miner

Juan Enriquez is a Tucson artist that once called Mammoth, Ariz. home. He is a graduate of San Manuel High School and the University of Arizona. Juan is one of the founders of the Raices Taller 222 Gallery in downtown Tucson. His one man show titled Pulso Visible/A Visible Pulse opened Sunday, March 2 at the Rancho Linda Vista Gallery in Oracle. Like many artists from the area Juan has been influenced by the artists of Rancho Linda Vista counting Jim

and Mary Anne Davis among his mentors. Juan says he named the show and one of his paintings Pulso Visible after experiencing seeing a visible pulse of his son

in his wife's womb on the sonogram video - micro sound monitor. His son Santiago turned one year old this month. A child of the border, conceived in Mexico and born in

the United States, Juan's paintings reflect his culture and heritage. The bold earth tones of the painting "Tamaliando" were inspired by images of his mother preparing food for the family. Some of his other works at the show were political in nature and thought provoking. One of his works "The Brewer Bunch" was a take off on

an image from the Brady Bunch television series only not as friendly. Slightly altered images of Governor Brewer, Russell Pearce, Tom Horne and others involved in Senate Bill 1070 and other anti-Mexican/immigrant actions and legislation paint a not so pretty picture of the hate mongers in Arizona. This painting and others

involving Pulso Visible/A Visible Pulse will be at the Rancho Linda Vista Gallery through March. The gallery is located at 1955 W. Linda Vista Rd. and is open from 11 a.m. to 5 p.m. on Sundays. If you would like to learn more about Juan and view some of his paintings visit [www.juanenriqueztucsonartist.blogspot.com](http://www.juanenriqueztucsonartist.blogspot.com).

# Meet Jerry Morelan, interim pastor at Mammoth Assembly of God

Mammoth - Some of you may have already met Jerry Morelan, the new Interim Pastor at Mammoth Assembly of God Church, located at 201 East Kino St. in Mammoth. He's been around for a while, off and on.

Mr. Morelan moved to Mammoth in 1998, when he became a youth minister at the Church of God in San Manuel under Pastor Terry Warner. In 2005, he became assistant pastor and youth minister at God's Filling Station under Pastor Charles Morelan. So, you may have met him at one of those places, or, just around the tri-community area. If you haven't met Jerry Morelan, yet, or, haven't gotten a chance to know who he really is, read on and meet him, now.

"I gave my heart to the Lord at the age of 13. I felt the call of the lord when I was in High school. I was instrumental in starting a christian Bible club in my high school. We named the group C.L.O.C. or Christian Life On campus. We met around the flag pole for 5 am prayer." says Jerry. With such good beginnings, you'd expect Jerry's ministry to shine, wouldn't you? And, you wouldn't be disappointed.

From 1992-1996 I served under Pastor John Finley and Pastor Hancel Odom as youth president at St.Johns Assembly of God. We were involved in mission trip to Nogales, AZ and Agua Prieta. When our youth Pastor resigned his position and moved to become Pastor in Bisbee I was appointed youth minister by Pastor Hancel Odom, during that time I took Berean Bible study courses under his discipleship. After graduating from St.Johns High School in 1996 I moved to Bisbee, AZ where I became full time youth minister for Bisbee Assembly of God under Pastor John Finley. In 2003 I enrolled in Grace Bible College and Seminary International Correspondence Program, Morrisville,NC I completed the course in 2004

receiving pastors licence and ordination. In 2008-2010 I moved to Dallas,Tx where I attended Christ For The Nations Bible College. During that time I was involved in prison and street ministry and at the completion of the courses I went on a five week missionary trip to Asia. This is my journey up to now. During my christain years I've experienced my share of ups and downs as we all do. I have been guilty of stepping away from my calling and letting God down. But while I let Him down, He never let me down. While I was unfaithful, He was always faithful. His love endures forever. He never gave up on me, always calling me back when I strayed from the path. So here I am today His minister in Mammoth, AZ and I want to invite you, if you do not have a church home, to come and fellowship with us. We have Sunday school at 9:45am on Sunday mornings followed by worship at 11:00am and Sunday

evening service at 6:30 pm, we also have a Wednesday evening service at 6:30. We hope as time goes by to add other services as well. If you do have a church home I encourage you to attend your church but know that you are also welcome to fellowship and worship with us in one of our services that does not conflict with yours. We are all God's family and someday we will be fellowshiping together in heaven. Until then...Let us consider one another to provoke unto love and good works. Not Forsaking the assembling of ourselves together, as the manner of some is; but exhorting one another; and so much more, as ye see the day approaching. Hebrews 10:24-25... God bless you all.

# Lady Miners drop both games of double header

**Lyanna Waddell, Mackenzie Vindiola, Katie Monfred, Ashley Vargas, Felisha Medina and Dionne Ruiz prepare for a game.** Melane Ouellette | SM High School

**By Andrew Luberdia**

San Manuel Miner

The San Manuel softball team dropped both games it played last Saturday. The Miners were defeated by Mohave in the first game, 9 – 1. They fell in the second game to Flagstaff, 10 – 6.

The Miners started the week looking like the defending state champion by trouncing Imagine Prep Coolidge, 23 – 0. The week ended, however, on a different note.

Like the baseball team, the Miners played Hayden on March 11 before playing Tombstone on March 17 (2 p.m.) and at Hayden on March 18 (4 p.m.).

## Miners' track and field team begins season

**By Andrew Luberdia**

San Manuel Miner

The San Manuel track and field team opened its season last week with a number of newcomers on the roster. The Miners are looking to replace 18 seniors who graduated from last season's team, the most notable being State Champion Wayne Newman.

Newman, who recently won a conference championship for Lipscomb University, won three individual state titles last season – 110m hurdles, 300m hurdles and the

long jump.

Veteran Miners' head coach Maria Lopez doesn't expect her team to miss a beat despite the departure of a number of talented athletes.

"Our squad has many newcomers this season," Lopez said. "We are looking forward to the leadership of these athletes to continue the Miner tradition of track and field in the Tri-Community."

Freshman Eneida Quintero and sophomore Andrea Castaneda ran well for the Miners' cross country

team and Lopez expects them to perform well on the track. Lopez believes the pair can compete at the state meet.

Among the top returnees on the 2014 team are seniors Nathaniel Lopez, Ani Robles, and Nicole Primero-Predgo. Juniors James Duarte, Jared Gonzales, Jessica Lopez, and Colten Stratton. Sophomores Patrick Lopez and Carlos Salas.

The Miners will compete at the University of Arizona March 20-22 in the Willie Williams Classic.

## Miners' teams finish first in opening meet

**By Andrew Luberdia**

San Manuel Miner

The Miners boys' and girls' track teams each finished first in the 2014 season opening meet hosted by San Manuel. The Miners hosted five teams at the meet.

First place finishers for the boys' team included Andres Rodriguez (110m hurdles), Jared Gonzales (300m hurdles), Carlos Salas (Pole

Vault), and the 4x400m relay team of Andrew Gomez, Jordan Peasley, Jared Gonzales, and Nathaniel Lopez.

The Miners boys' team swept the Pole Vault event – Salas (1st place), Nathaniel Lopez (2nd place), and Patrick Lopez (3rd place).

First place finishers for the girls' team included Lizzette Campa (100m hurdles and 400m), Ani

Robles (Discus and high jump), Nicole Predgo (Triple Jump), and the 4x800m relay team of Andrea Castaneda, Amara Apuron, Autumn Sanchez, and Melissa Flores.

The Miners girls' team swept the Discus event – Robles (1st place), Cita Sweeney (2nd Place), and Stephanie Morris (3rd Place).

Ani Robles and Carlos Salas were recognized as Athletes of the Meet.

# Miners play close games in tournament

By Andrew Luberda

San Manuel Miner

After winning their first two games of the season by a combined score of 46 – 0, the Miners' baseball team played some closer games in the Joe S.

Padilla Baseball Tournament last week. The Miners went 1 – 2 in the three tournament games with all of the contests decided by 3 runs or less.

San Manuel dropped its first two games to Coolidge (4 – 1)

and Fountain Hills (5 – 2) before picking up the 1-run victory over Apache Junction, 2 – 1.

Early season tournament games provide an opportunity for coaches to try players in different positions and learn more

about their team as the regular season approaches. Results from tournaments, such as the Joe S. Padilla Tournament last weekend, do not count in the power point rankings. The experience gained by the players in these games is

more valuable than the results.

After a game versus Hayden on March 11, the Miners will enjoy a short break and return to action on March 17 versus Tombstone (2 p.m.) and March 18 at Hayden (4 p.m.).

## Pinal Rural Fire Rescue offers free car seats

By Nina Crowder

San Manuel Miner

The Pinal Rural Fire Rescue has car seats available for people in the community that may need one. They were awarded car seats as part of a grant they received. Chief Bud Paine and Karsten Lippert were able to deliver one car seat to a couple that has one vehicle are a new arrival on the way. They received a call from someone who had triplets so three of the car seats will go to that family. If you are in need or know of someone who needs a car seat please feel free to contact Pinal Rural Fire Rescue at 520-465-3393.

One of the most important jobs you have as a parent is keeping your child safe when riding in a vehicle. Each year thousands of young children are killed or injured in car accidents. The proper use of a car seat will help keep children safe. The helpful people at Pinal Rural Fire Rescue are happy to help show you the proper way to install a car seat.

Another important job as a parent is to know or learn CPR, and Pinal Rural Fire Rescue offers free CPR classes at Mammoth Elementary School Cafeteria the last Saturday of the month at 10 a.m. The next class is scheduled for March 29, 2014. After someone stops breathing, or the heart stops beating, he or she can survive for only four to six minutes before a lack of oxygen results in brain damage or death. CPR can buy extra time for your loved ones, until professional help can arrive, by artificially

circulating oxygen to the brain. Statistics show that the earlier CPR is initiated the greater chance of survival.

Pinal Rural Fire and Rescue is a non-profit all hazard fire, rescue, EMS department that is 100 percent volunteer. They are

located on Hwy 77 in south-eastern Pinal County. Chief Bud Paine is a nationally registered paramedic, toxicology

medic, fire and arson investigator. Bud is actively seeking grants to help implement and educate the community as he continues to safeguard lives and properties in the area.

If you are interested in obtaining information about Pinal Rural Fire Rescue please feel free to email them at pinal.rural@gmail.com or call 520-465-3393.

Bud Paine and Karsten Lippert of Pinal Rural Fire Rescue are ready to give out car seats.

# Former Mammoth PD officer loses certification

At a Mammoth Town Council meeting held May 14, 2013, two former Mammoth Police Officers questioned their termination during the call to the public. Hector Hernandez said he had

resigned under duress saying that Police Chief Marty McIntosh told him it would look bad on his record if he fired him. Daniel Maggio complained that McIntosh had questioned him about

wages he had received while collecting unemployment from the state of Idaho and had accused him of fraud.

On Sept. 18, 2013 the Arizona Peace Officers Training and Standards Board (AZ POST) voted

to initiate proceedings concerning Daniel Maggio and issues that resulted in his termination while working for the Mammoth Police Department. On Dec. 13, after considering comments made by Assistant Attorney General Diana Stabler and Daniel Maggio, Deputy Director Young made a motion to adopt the consent agreement, decision and order and revoke Maggio's Peace Officer Certification. The motion was carried unanimously. Revocation of a Peace Officer Certification means the permanent withdrawal of certified status and that Maggio will not be able to work as a police officer. Details of the allegations against Maggio

were not made available on the AZ POST website nor were the comments made by the assistant attorney general and Maggio at the hearing.

## First black bears of the season already sighted

TUCSON, Ariz. – The Arizona Game and Fish Department is asking for the public to be “black bear aware” following the first sightings of the season near the Peppersauce Campground and on Ft. Huachuca.

A black bear was sighted within 100 feet of the campground approximately 7 p.m. Sunday, February 16. The campers abandoned the camp and reported the sighting. In addition, a hunter reported sighting a female bear and cub on Ft. Huachuca in January.

Bears have been observed sporadically during the winter months in southeastern Arizona, suggesting that warmer weather may have shortened annual hibernations, from which black bears typically emerge in March, usually males before females.

In addition, consecutive dry winters and intermittent seasonal rains, coupled with lingering environmental impacts from the Monument and Horseshoe Two fires, suggest that there may be more cases of bears visiting residential areas this year.

“Bears in search of food are often attracted to homes and into proximity with people. This close contact puts both humans and bears at risk. Most conflicts are the result of people unintentionally feeding bears, most often by allowing them access to household garbage, bird feeders, garden areas or trees bearing fruit,” said Regional Supervisor Raul Vega of Game and Fish in Tucson. “Fed bears can lose their fear of humans and begin to associate humans with food, sometimes causing property damage and even injuring people. But conflicts between humans and bears are preventable.”

Since garbage stored outside is the biggest attractant, storing garbage in a secure garage or shed until the morning of collection will virtually eliminate the chances of a bear visit. If a bear does not find a food source, it will move on. Campers should never take food into a tent, use deodorizing sprays if storing food in cars when a bear-proof box is not available on-site, and clean themselves off thoroughly after cooking as well as change clothes afterward that may have lingering odors. Fences, lighting and dogs have not been found to

**A young black bear climbs down from a tree in a residential area of Hereford in 2012.** Mark A. Hart | AZGFD

be effective, long-term deterrents when foods are available. Bears are good climbers, so to reduce a bear's ability to get over a fence, it should be at least six feet tall and constructed of non-climbable material.

Recognizing the potential risk to both humans and bears, the Arizona Game and Fish Department spends considerable time and money each year relocating bears. Unfortunately, this effort does little for the bears or homeowners. Some bears must be destroyed because they are considered too dangerous, have lost their fear of humans, or continue to get into conflicts with people.

Following removal or relocation, the homeowner might experience more problems from a different bear if the identified attractant is not eliminated. Relocating a bear is also traumatic for the animal and does not guarantee it will live. Some are killed by larger, older bears that have established territory in an area.

If a bear is in your yard or neighborhood or campground and refuses to leave, immediately contact the Game and Fish office at 520-628-5376 or at 1-800-352-0700 evenings, weekend and holidays. Depending on what the bear is doing, department personnel may respond if it remains in the area.

If you see a bear in the distance, alter your route

# BEARS

Continued from page 11

to avoid it. On the rare occasion that a bear approaches you, discourage it by:

- Making yourself as large and imposing as possible. Stand upright and wave your arms, jacket or other items, and make loud noises.
- Do not run and never play dead.
- Give the bear a chance to leave the area.
- If the bear does not leave, stay

calm, continue facing it, and slowly back away.

The black bear is the only bear species found in the state. Although fur color varies and includes brown, cinnamon and blond, they are all considered black bears. It is the smallest and most widely distributed North American bear. Black bears:

- Weigh 125-400 pounds with males being larger than females
- Are three- to three-and-a-half

feet tall when on all four feet

- Eat primarily acorns, berries, insects and cactus fruits
- Live in most forest, woodland and chaparral habitats, and desert riparian areas
- Roam an area of 7 to 15 square miles
- Produce two to three cubs born in January or February
- Live up to 25 years in the wild,

• Most active between dawn and dusk.

Bears are classified as big game animals in Arizona and are protected by state law. It is unlawful to feed wildlife, including bears, in Pima and Cochise counties. Violations can result in a fines ranging from \$300 in Pima County to \$2,500 in Cochise of up to \$300.

# Mammoth Fire Department receives donations

By John Hernandez

San Manuel Miner

Members of the Mammoth Volunteer Fire Department worked hard going out in the community and contacting businesses in Tucson and surrounding areas to raise money to provide smoke alarms for people living in the Mammoth Fire District.

They received over \$2,900 from the following: Pat's Auto in Tucson, Apache Gold Casino, SaddleBrooke Quilters Club, Discount Tire, Dave Hardin of Hardin Brothers in Catalina, State Farm Insurance Aaron Franco, Oro Valley Home Depot, Southwest Gas, Creative Awards and Sandy from Dollar General in Mammoth.

The Mammoth Volunteer Fire Department would like to thank all those businesses whose donations will go towards helping the community and making it safer.

The fire department has purchased 450 smoke detectors which will be made available to residents in the Mammoth Fire District. They will be offered to low

income households at no cost. The fire department will install the smoke alarms, train the family in their use and will do regular battery inspections. If you are interested in getting smoke alarms in your home and feel you are qualified, contact the Mammoth Volunteer Fire Department at 520-487-2050.

**SAFETY**

**Whether you're a Southwest Gas customer or not, it's important to know how to recognize and respond to a natural gas leak.**

**A leak may be present if you:**

**SMELL:** An odor similar to rotten eggs, even if it's faint or momentary.

**HEAR:** A hissing or roaring sound coming from the ground or above-ground pipeline.

**SEE:** Dirt or water blowing into the air, discolored vegetation surrounding a pipeline, or standing water continuously bubbling.

**If you suspect a leak:**

- Leave the area immediately.
- From a safe place, call **911** and Southwest Gas at **1-877-860-6020**, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off any electric switches, thermostats, or appliance controls; or use automated doors.
- Don't start or stop an engine.

For more information about natural gas pipeline safety, visit [swgas.com/safety](http://swgas.com/safety) or call **1-877-860-6020**.
