Town's church has sad, happy story, Part 2

Editor's note: The Bell Tower on the Infant Jesus of Prague Catholic Church has been undergoing a renovation with help from some local contractors. We will have more on that story in the coming week or weeks. We thought it would be good to share the history of the church for those who might not know it. This is an article that was published quite a few years ago in the Pinal Nugget. We hope you enjoy it.

Progress

Fr. Ignacio Bach, OCD, arrived in Kearny on Sept. 11, 1966 and remained pastor until Oct. 28, 1973. Fr. Keller was transferred to a parish in Tucson. Under Fr. Bach's leadership, the parishioners started improving the grounds around the buildings and there was plenty of work for everybody as the building and grounds needed repairs urgently.

The Church was dedicated anew by Bishop Green on June 11, 1967. A year later the church was re-roofed by a team of 15 people led by Bernard Zornacki and new carved mahogany doors were installed in the church, a gift from Dr. and Mrs. Lancelot Linsley.

In August of 1970, Mr. and Mrs. Pete Avelar provided for the use of the Parish a small building to celebrate Mass for the parishioners in the Riverside-Kelvin area. Bishop Green approved the mission and in October Fr. Bach celebrated the first Mass. It was used until about 1979.

Betty Wise and Virginia Schreiner offered their artistic abilities in November of 1972 to renovate a special altar for the Infant Jesus of Prague, Patron of the Parish.

Fr. Anastasio G. Font, OCD, became the third Pastor of the Parish in 1973. He served the Parish for nine years and during this time, all the existing debts were paid. A new rectory was built and the old rectory was converted into Catechism classrooms. When Fr. Font left, \$9,000 was still owed for the new rectory construction. Fr. Gerald Winters became the next Pastor in October of 1982. He paid off the remainder of the Parish debt. On January 12, 1984, a Diocesan priest, Fr. Richard Costigan took over the Parish.

Other priests ministering to the Parish over the years according to Baptism records include Fr. Clarke Moore, Fr. Guy LeBlanc, Fr. David Speers, Fr. Kevin Clinch, Fr. G.J. Brynda, and Fr. Wm. Taft. Deacon Len Fuller's name is also recorded during the 1980s. He offered his services at Baptisms, marriages, etc.

Following the illness and subsequent death of Fr. "Bill" Taft in 2004, Fr. James Aboyi, a Nigerian missionary, was appointed Associate Pastor. Fr. Dale Branson of St. Joseph's in Hayden, was the official Pastor and oversaw the workings of the Parish until February of 2009 when Fr. James was appointed administrator.

Incorporation of the Parish to come in compliance with

dictates from the Diocese of Tucson was instituted in 2005.

The year 2006 saw several changes for Infant Jesus including a re-instated Knights of Columbus organization in conjunction with St. Joseph's Parish in Hayden. Also, a chapter of the St. Vincent de Paul Society was formed, a group that raises money to help the disadvantaged with such things as utility bills, food and rent. The Church has embraced and contributed to this endeavor and many people in the Copper Basin community have been served.

A Parish Council was re-formed in 2006 with the intent of providing input into the workings of the Parish.

Also in 2006, a Parish Office setting was opened offering more access to Parishioners. The office is located in the building previously referred to as the "Old Rectory" which also houses the CCD classrooms. Such things as obtaining Sacrament certificates, booking Masses, Baptisms, etc. was made so much easier through the office.

In the year of 2007, the Parish Hall was dedicated to the memory of Fr. Taft and the "Old Rectory" was dedicated to the memory of Fr. Angel.

After Fr. James took over the reins several other changes were made. A finance committee was appointed and the Parish Council was expanded.

More community involvement, fundraising and a desire to have some old fashioned fun sparked La Fiesta del Santo Niño in 2009. The last three fiestas were very successful. A new pitched roof, added in 2009, changed the look of the parish hall and eliminated the constant repair to the old flat roof. The inside of the hall also got a make-over with the old carpet being replaced with tile.

Fr. James served five years in the Parish and was followed by Fr. Thomas Dekaa, also a Nigerian

missionary. He began his duties in July of 2010. With the new priest came more changes.

The rectory was remodeled and Fr. Angel Hall also got a makeover, dividing the office and the classrooms.

A full time paid secretary was hired and several changes to the various committee and councils also took place.

Infant Jesus of Prague is located at 501 Victoria Circle and the phone number is 520-363-7205.

NOTICE POWER COST ADJUSTMENT
Pursuant to the Bureau of Indian Affairs regulations governing our electric power utilities, found at 25 CFR 175, notice is hereby given that the San Carlos Irrigation Project (SCIP) is implementing a purchased Power Cost Adjustment (PCA). In addition to our existing electric power rates published in the Federal Register (87 FR 77828, Dec. 19, 2022), we will apply a PCA of \$0.0249 per kilowatt-hour consumed. Except for the Irrigation Project Pumps rate category, the PCA will apply to all customers starting on April 1, 2023. SCIP holds long-term purchased power contracts with Western Area Power Authority for hydropower from Parker-Davis Project and Salt Lake City Area Integrated Project. Additionally, SCIP purchases much of its power through short-term or month-ahead contracts based on market rates. Recent weather-related events combined with the limited availability based on market rates. Recent weather-related events combined with the limited availability of summer energy resources has significantly increased power market rates. Because our purchased power costs are in part determined by market rates that are not under our control, we need to immediately implement the PCA to meet our financial and statutory requirements. We will continue to monitor the fluctuating power market and may adjust the PCA as needed. Please direct questions via email to scippca@bia.gov or mail to San Carlos Irrigation Project, P.O. A Renewal: Infant Jesus of Prague

We are all grateful for the rains we have been receiving in our area. These rains, however, were able to find their way into the bell tower at Infant Jesus of Prague Catholic Church and cause damage to the roof and bell tower itself.

The church building is one of the very few remnants of Sonora, Arizona, which used

to sit at what is now the Asarco Ray Mine, along with the towns of Ray and Barcelona. Former parishioners can recall the three-day journey it took to transport the church building on a flatbed trailer from Sonora to its present-day location in Kearny on Victoria Circle in 1966.

After much discussion with Father George

Kunnel and parish members, the decision was made to make the necessary repairs to the bell tower.

After exposing the tower and roof, it was necessary to not only repair the roof, but also to build a new bell tower. The result was replacement of damaged roof sections and a new, structurally sound bell tower,

firmly secured to the church building.

The bell itself, from what we could determine, was made in 1886.

We thank God for blessing us with the ability and means to protect our church building.

We would like to acknowledge and thank the following local businesses for their help

The old bell tower is removed.

and support during the repairs. They each played a critical role in the project.

• Newman Construction LLC: Robbin Newman, Owner. Crew members Eddie Martinez, Danny Ochoa, Robbie Newman, Brian Hetrick and technical assistance from Jeff Cude. They performed all the necessary repairs to bring the project to completion.

• Copper Basin Railway: Rikki Galka, Manager, who provided an extended reach forklift along with operators Wade Harmon and Jeff Land. They were instrumental in bringing the old tower down and moving all repair material to the roof area.

• 2K Tree Service and Landcape: Kelly Gilliam, Owner and operator of the boom

truck used to raise the bell tower and cross into place.

• Javier Elenes Roofing from Oracle, Arizona: Javier Elenes, Owner, who sent two of his best to make the necessary repairs to the roof membrane quickly and efficiently, Omar Elenes and Manuel Leon.

Catholics and friends alike, the next time

you hear the church bell ring, it's time for Mass!

Editor's note: Copper Area News Publishers wishes to acknowledge Infant Jesus of Prague Catholic Church parishioner Art Yescas for gathering the information above and submitting it to us.

Thank you, sir.

Vandals end Lobos' winning streak; Hayden starts anew with wins over Eloy, Williams

By Nathaniel A. Lopez
Copper Basin News

The Hayden baseball team was busy playing three away games and one home game last week.

The week began with the Lobos meeting up with the Superior Panthers. The boys played a strong game, and had control right from the first inning. The Lobos' defense was unbreakable as they kept Superior from posting any runs. The game was a Lobo shut-out with a final score of 13-0.

The second game of the week was a tough one against Miami. The boys fell short by 10 runs, resulting in a 10-20 final score.

Coming in hot off their loss to Miami, game number three was against Valley Union. The Lobos stuck it to the Blue Devils, and racked up 17 runs while only letting 1 run slip past them, in the 17-1 game.

The Lobos ended their week taking on Williams. Taking control of the game in the first inning, the Lobos scored 3 runs, followed by 2 runs in the third inning, 2 runs in the fifth inning, and 1 run in the sixth inning. The Lobos took the victory with a final score of 8-6. Ending their week with 3 wins and 1 loss.

The Lady Lobos softball team had two games last week. Their first game of the week was against Valley Union, which went into an eighth inning. The Lady Lobos played back and forth with the Blue Devils, but in the end fell short by 1 run, resulting in a devastating loss of 6-7. The girls ended their week with a home game against Williams. The Lady Lobos had a tough time holding down the Vikings, who were able to get 18 runs past them. The girls also had a tough time getting runs past them, only being able to post 2 runs, resulting in a 2-18 final score. The girls ended their week with two tough losses.

Lady 'Cats post win over Desert Christian

By Nathaniel A. Lopez
Copper Basin News

The Ray softball team had a busy time on the diamond last week.

The girls began their week with a strong game against Desert Christian. The Lady 'Cats battled their way through the first 3 innings trying to catch up with the Eagles. During the fourth inning the girls scored 12 runs, and took the lead, holding on to it for the remainder of the game. The Lady 'Cats came out victorious claiming the win with a final score of 21-18.

Later in the week, the girls traveled to St. David to take on the Tigers. The Lady 'Cats had a tough time breaking through their opponent's defense, and were unable to post any runs for the whole game, while St. David was able to post 12 runs. The game ended with a final score of 0-12, giving the girls a tough loss.

Ending the week with a home game, the Lady 'Cats took on Superior. The girls played a tough game, but spent all of it trying to catch up to the Lady Panthers. In the end, the girls were only 3 runs away

from a win. The game ended with a 10-12 final score, ending a tough week for the Lady 'Cats.

The Ray baseball team had three tough games last week, starting with an away game against Desert Christian. The Bearcats were the first to score, posting 1 run during the second inning. Desert Christian tied the game in the third inning. The fourth inning saw no change to the score, but in the fifth inning, Desert Christian began to pull ahead with 3 runs, followed by 3 more during the sixth inning. The final score of the game was 1-7.

The second game of the week was at St. David. The Tigers took control of the game in the first and fifth inning, but in the sixth and seventh inning the Bearcats began to score some runs, but ultimately fell short by 3 runs, resulting in a 4-7 loss.

The boys' final game of the week was against Superior. The boys played tough, and took the lead in the first inning, but lost it in the third inning. During the seventh inning, the boys pulled through and tied the game 11-11. Ending their week with a week with 2 losses and 1 tie.

Kearny Town Lake receiving repairs

The Kearny Town Lake has been a local and regional recreational amenity for decades. The area serves as a great place to walk, picnic and enjoy nature. It is also a refuge for many animals and birds who make their habitat in Kearny.

The lake originally had Arizona native fish species and the lake accommodated fishing for many years. The man made lake began having a problem with Golden Algae, which eventually took over the lake and left the habitat mostly unlivable for most fish, thus limiting the opportunity to work with Game and Fish on their community lake and fishing programs..

The Town, under direction of former Mayor Jaime Ramsey, began studying how the lake could be repaired to improve the habitat and evaluate the associated costs. Current Mayor Curtis Stacy explained how the current project is coming to fruition and thanked Mayor Ramsey for her leadership.

“I am thankful for her getting this project started and for the support of ASARCO, along with APS and CNSI Wireless who have also supported the lake repairs,” he stated.

The project to repair the lake is being funded by ASARCO and the project includes re-routing the inlet of the water and adding aerators (floating islands) that will help to keep the golden algae from growing in the lake. Preventing the growth of Golden Algae in the future will possibly allow fish to live in the lake. Town of Kearny staff is providing man power and time on the project and ASARCO has provided the funds and equipment to make the repairs.

To start the project, Kearny Town Lake will need to be partially drained into Steamboat Wash, which empties into the Gila River then the work can begin. It is expected that the project will take around three to four months to complete.

Draining the Kearny Lake is part of the lake repair. Water is being pumped out of the lake and into Steamboat Wash.
