PCAO seeing alarming increase in the number of Felony DUIs

The Pinal County Attorney's Office is launching a new safe driving campaign to help curb a concerning uptick in the number of Felony DUIs across the county.

PCAO is launching the campaign with the motto, "Drive Drunk or High, People Might Die." This will be featured at various events, on community handouts and part of messaging going forward.

"A single impaired driver puts other families at risk and it's not acceptable," said County Attorney Kent Volkmer. "Given the rise we're seeing, we are very concerned with how many people are getting behind the wheel when they shouldn't."

In 2022, the Pinal County Attorney's Office charged 243 Felony DUI cases. That represents a roughly 75% increase over 2021.

Already in 2023, PCAO has charged more than 115 Felony DUIs, putting us on pace to easily surpass last year's total.

"We hope an increased focus on this issue helps people think harder about the decisions they make and decide against getting behind the wheel while impaired, whether it be alcohol, illicit drugs or even prescription medication," Volkmer said.

Over the past several years, law enforcement has begun issuing more drug DUI citations than alcohol related.

"Please realize just one bad decision could be your last," Volkmer said. "Or it could kill someone else."

The Pinal County Attorney's Office encourages everyone, especially those attending the upcoming Country Thunder Music Festival in Florence, to designate a sober driver.

Felony DUI (A.R.S. 28-1383) is committing a DUI or

extreme DUI and one of the following:

- While the person's license is suspended, canceled, revoked, refused, or there is a DUI-related restriction.
- It is the third DUI within 84 months.
- Has a person under the age of 15 in the vehicle.
- While the person is required to have an ignition interlock device installed.
- While driving the wrong way.

Town's church has sad, happy story

Editor's note: The Bell Tower on the Infant Jesus of Prague Catholic Church has been undergoing a renovation with help from some local contractors. We

will have more on that story in the coming week or weeks. We thought it would be good to share the history of the church for those who might not know it. This is an article

that was published quite a few years ago in the Pinal Nugget. We hope you enjoy it.

Demolition of the St. Helen's Church not moved to the new site in Kearny.

How the St. Helen's Catholic Church building, once located in the now defunct town of Sonora, Arizona, became Infant Jesus of Prague Catholic Church in Kearny is a unique story – a story both sad and happy.

Sad because parishioners had to give up their Parish, but happy because the Church building found a new home and the building still exists today.

Early History, St. Helen's

Sonora and sister towns of Barcelona and Ray came into existence because of mining operations and were also doomed by the same operations. In 1948 Kennecott Copper Corporation, which owned the mine at the time, began open pit operation at its Ray Mines Division. And by 1955 all underground mining was phased out.

Most of the very first St. Helen's church building was destroyed by fire in 1932, only the walls and some statuary were saved. Fr. Angel Esteve, who first started ministering to the Parish in 1930, had the church building reconstructed immediately. But later, that building would also be destroyed, this time by the ever-encroaching open pit. The site of the second St. Helen's would soon be gobbled up and that came in 1951.

But before that, in 1949, Fr. Angel was instrumental in the building of a magnificent hall at the cost of \$12,000 where he held Mass and ministered to the people of the Parish. In 1953, the new St. Helen's and a parish house were completed. Both were comfortable and modern. Blessing of the new facilities took place Dec. 6, 1953.

By the end of 1965 all residential areas had to be evacuated. The death knell had sounded and Sonora was to be no more. Both the church building and the rectory would later be moved to Kearny, but the hall could not be moved and had to be destroyed.

Early History, Infant Jesus

During the last years of the 50s, the town of Kearny started forming between Sonora and Hayden. In 1961, Fr. Angel, along with Fr. Elias Keller, OCD, who at the time was working with the St. Joseph's Parish in Hayden, visited Francis J. Green, Bishop of the Diocese of Tucson. They wanted to talk about the spiritual needs of St. Helen's Parish.

At the end of the meeting, the Bishop appointed Fr. Keller as active Pastor of what was to become the Infant Jesus of Prague Parish and Fr. Keller moved into his first rectory, a Kearny home located on the 300 block of Essex. The next day he said his first Mass in the living room of the rectory and with that celebration, the Catholic Church of Kearny began.

On May 4, 1961, the Catholic Women's Guild was organized. Officers elected included Mrs. J. Jameson, president; Mrs. D. Simpson, vice-president; Mrs. A. Quinlan, secretary and D. Skufca, treasurer. The Guild started raising funds to pay for the rectory. During the spring of 1962, five acres of land were purchased. This property was located on Hartford and Upton Road.

CHURCH

Continued from page 4

In May of 1962, Bishop Green gave Fr. Keller permission to see an architect and soon afterward the Bishop visited Kearny to personally see the town and the site of where the new Parish, Infant Jesus of Prague, would be located.

A building committee was then formed. Serving on the committee were Dr. and Mrs. L. Linsley, Chairmen; Mr. and Mrs. J. Wise; Mr. and Mrs. E. Alvidrez; Mr. and Mrs. D. Archuleta; Mr. and Mrs. H. Bejar; Mr. and Mrs. G. Lavelle; and Mr. and Mrs. C. Schreiner.

The hired architect, Arthur B. Darton of Tucson, came to Kearny in July to see the ground on which the Parish was to be built. At this time the proposed site of the church was still at Hartford and Upton Road. Later the John W. Galbreath Development Corporation would deed the Parish different lots of land located on Victoria Circle and they came to be the site of the now existing Parish. The other property was subsequently sold.

In October of 1962 the Bishop's building committee approved plans for a Parish Hall that would be used as a Multi-Purpose building. A groundbreaking ceremony was held on March 10, 1963.

The blessing and dedication of the temporary Church-Hall was held March 14, 1964 with His Excellency Bishop Francis J. Green, D.D. officiating. Various clergy, the Knights of Columbus and parishioners participated in the ceremony. Rev. Joseph Gillespie preached the sermon and Herman Bejar prepared an eight inch long tube for dedication documents which became a part of the cornerstone of the building.

The blessing and dedication of the temporary church-hall was held in 1964 and it was in February of 1966 when the Infant Jesus of Prague Parish was officially designated as the principal church for St. Helen's Parish.

The Move

The St. Helen's Church building was to become the permanent church in Kearny. And it had to come on wheels from Sonora, 11 miles away. Intermittent rains hampered the operation of hauling the church building and those that remember still shudder when recalling the load coming up the hill out of Sonora and going down the hill on Upton Drive in Kearny.

The Church was loaded low as it left Sonora to avoid as many overhead wires as possible. The big truck pulling the load was moving well as it approached the junction of Sonora Road and Highway 177 when a Palo Verde tree on the shoulder forced the driver to veer slightly. The right wheels under the building left the road and rode on the shoulder, lowering the church enough so that it couldn't clear the guardrails. Helpers placed cribs under the wheels to hold the load in place. But with forward momentum gone, the church eased back, jumped the cribs, raised the truck up off its front wheels and sprung the huge steel beams supporting the front and back walls. Nothing was quite the same after that.

The wheels were once again cribbed saving the church from a downhill roll that could have ended in disaster. Two additional trucks were hitched to the church to get it past the guardrails.

It was slow-going from there. Riding low in back because of the bent beams, the church was unable to clear any but the lowest guardrails between Sonora and Kearny. The

These Lobos are hot, hot, hot!
The Hayden baseball team collected three more wins last week keeping their streak

going strong.

The first game of the week was an away game against Lincoln Prep. Taking the lead in the first inning, the Lobos scored 2 runs. The third inning saw the boys collect 4 runs, and the fourth inning saw them collect 5 runs.

The game ended with a final score of 12-6.

Later in the week at home, the boys played a double-header against Joseph City. The Lobos showed their skill on the diamond, as they played a shut-out in the first game, resulting in a 14-0 victory. During the second

game, the boys only let Joseph City get 2 runs past them, as they posted 12 runs. The game ended with a 12-2 final score, giving the boys their eighth straight win.

Lady 'Cats post three wins

By Nathaniel A. Lopez
Copper Basin News

The Ray softball team had a busy time on the field last week.

The Lady 'Cats started off their week with an away game against Duncan. Taking the lead in the first inning, the girls came out ready to play, already scoring 11 runs by the second inning, and keeping the lead. The game resulted in a 18-5 victory over Duncan.

The second game of the week was a home game against San Manuel. The girls put up a tough fight, but were unable to catch and

close the score gap that San Manuel created. The game ended with a final score of 7-11.

The third game of the week was against San Tan Foothills. Once again, the Lady 'Cats were able to collect the lead at the beginning of the game, and hold it throughout. Playing tough ball, the girls collected a win in the 17-7 game.

Ending their week with another home game, the girls took on Leading Edge Academy of Gilbert. Repeating the same heat from their previous game, the first inning saw the girls take the lead with 12 runs. Keeping control the entire time, the

crew had to re-crib a number of times to lift the load. The journey lasted three days with Fr. Keller walking the whole way with his Rosary in hand. Fr. Angel, St. Helen's Pastor for 34 years, was not present for the move, although he did return to Infant Jesus offering his help in various capacities over the next several years.

When the church arrived in Kearny, the moving crew was concerned about going down Upton Drive, an event that could have been as exciting as coming up from Sonora. Two trucks were hooked to the rear of the church building to act as brakes as the 94,000-pound load started its descent.

A power line within inches of the roofline of the church threatened as the load proceeded forward and seemed to offer another problem. An APS employee became very concerned and called out to "hold it." But by that time there was no "holding it" and the church rolled right on by, missing the wire by an inch, giving or taking a hair.

The rectory showed up shortly thereafter and only took an hour and half to make the journey.

The history of Infant Jesus of Prague Catholic Church will continue in next week's Copper Basin News.

Public Notice

NOTICE POWER COST ADJUSTMENT
Pursuant to the Bureau of Indian Affairs regulations governing our electric power utilities, found at 25 CFR 175, notice is hereby given that the San Carlos Irrigation Project (SCIP) is implementing a purchased Power Cost Adjustment (PCA). In addition to our existing electric power rates published in the Federal Register (87 FR 77628, Dec. 19, 2022), we will apply a PCA of \$0.0249 per kilowatt-hour consumed. Except for the Irrigation Project Pumps rate category, the PCA will apply to all customers starting on April 1, 2023. SCIP holds long-term purchased power contracts with Western Area Power Authority for hydropower from Parker-Davis Project and Salt Lake City Area Integrated Project. Additionally, SCIP purchases much of its power through short-term or month-ahead contracts based on market rates. Recent weather-related events combined with the limited availability of summer energy resources has significantly increased power market rates. Because our purchased power costs are in part determined by market rates that are not under our control, we need to immediately implement the PCA to meet our financial and statutory requirements. We will continue to monitor the fluctuating power market and may adjust the PCA as needed. Please direct questions via email to scippca@bia.gov or mail to San Carlos Irrigation Project, P.O. Box 250, Coolidge, AZ 85128. MINER, CBN Legal 4/5/23
