Don't get hot at ADOT workers during wildfires; crews working in their own communities to keep people safe

Some motorists upset with road closures due to multiple fires burning in Arizona are taking their frustrations out on ADOT personnel staffing the roadblocks.

ADOT does not decide which roads to close. Closures are determined by fire incident commanders who work in conjunction with law enforcement and ADOT, and motorists may face legal penalties for attempting to get around a barrier or other method used to shut down a

road.

"We understand that especially for people who live in areas affected by a wildfire, this is a very stressful situation for the entire community," said Rod Lane, an ADOT District Engineer who has handled fire-related closures for a number of years. "Our maintenance crews who close these roads do it to ensure that emergency responders can use the roads to access fire areas, evacuate residents and keep people out of harm's way. We're doing our best to keep everyone safe."

This also highlights the comprehensive nature of the

Camera club opens calendar competition to all in Gila County; deadline July 8

Do you have a breathtaking landscape photo taken in Gila County, or a sunrise, sunset or other scenic that deserves to be in a calendar? Photos showing people are welcome, too, but must be accompanied by model release forms to be considered for one of the months on the 2022 calendar published by the Rim Country Camera Club.

Entries are due July 8, and this year the club opened competition beyond just Payson and Rim Country – allowing subject matter from anywhere within Gila County to be allowed, from the scenic Gila River here in Hayden-Winkelman all the way up through the Cobre Valley and on north to Pine-Strawberry – and east to the San Carlos Apache lands.

Entry is free, online and easy by uploading to fromsmash.com or emailing your image to r3calendar@gmail.com.

Next year will mark the 9th edition of this stylish calendar, and 100 percent of the proceeds are donated to charities including food banks and a scholarship fund.

Want to see examples from the 2021 calendar? They're posted, along with short biographies of each winning photographer, at facebook.com/groups/R3CRimCountryCameraClub, a community local photographers should like and follow to see more artistic images and for invites to

once-a-month camera club meetings, guest speakers, and photo safaris here in Arizona.

"This year, we expanded our photo competition to include all of Gila County rather than just the Rim Country boundaries around Payson and its open to anyone, not just club members. Photos may be taken at any time anywhere in Gila County. Our goal is to produce a calendar that depicts the many different landscapes and features of our County."

You're welcome to enter up to 10 photos. Each entry should be a high-resolution file (see below for specifics) and you must own the legal rights to the image. They should be horizontal (or 'landscape') format due to calendar layout. Each entry should include the name of the photo and location where it was taken, your name, phone number and email address.

Additional rules for submission:

- Photographs must have been taken within our beautiful Gila County.
- Photographs must not bear a logo or watermark with the name of the photographer (the details can and should be included in the metadata of the digital picture, but not be visible on the picture itself.)

Proper credit will be given if the picture is

selected.

- If people appear in the photograph and they are recognizable a model release form must accompany your entry (RCCC will provide forms upon request, email r3calendar@gmail.com)

- Panorama photos cannot be selected for full-page monthly images, but may be selected for smaller insets.

- cellphones photos may be submitted; but quality and filesize may limit the photo to an inset rather than a full calendar page.

- Composites (a photo made by combining several distinct photographs or portions of photographs into one image) may be entered, but also must be identified as such in the entry information.

- Each entry must include a high-resolution (300 ppi) digital photo file in .TIFF (preferred) or .JPEG format. Those submitting .JPEG may be asked to submit a .TIFF for final production.

All entries will be judged by a panel appointed by the Rim Country Camera Club. Only owners of selected photos will be notified. Photos that do not meet the quality requirement will not be judged. Copyright holders retain copyright of their work. Holders of selected photos grant the

Rim Country Camera Club photo by Pam Stoval.

Rim Country Camera Club unlimited non-exclusive use of high-resolution photos for activities in all media, including social media, online and print without any remuneration. The conditions set out in the entry rules are binding and the Rim Country Camera Club charity calendar's judging panel reserves the right to refuse or exclude any entry at its own discretion.

How to submit your Entry? Open the fromsmash.com, drag and drop your photo file(s) onto the Smash logo. Under New Smash click on "Your contacts' emails" and enter r3calendar@gmail.com. Enter a

Wildfire Safety

Much of the southwest is considered a high-hazard fire environment. Within this hazardous environment are individual homes, and entire communities ill-prepared to survive an intense wildfire. It is not a question of "if" a wildfire will occur, but when. The odds of losing human life and property are growing. The Town of Kearny would like to protect you and the community from the dangers of wildfires. The Fire Chief is very concerned about this upcoming fire season. Even though we have received more rain than usual, it has caused more weeds. Once the rain stops, the weeds will dry out and this will make for a dangerous fire season. Please clear weeds, dry grass, dry shrubs or dead trees surrounding your property. Thank you for your support.

Support Local: Palo Verde RV Park

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly

began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local

business community. Over the next several weeks, our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 78 businesses in the Copper Corridor.

It is hard enough making it as a small business in a small town during normal times. But to balance those difficulties during a pandemic adds an entirely different twist to things.

Chuck and Sandy Jordan, owners of the Palo Verde RV Park in Winkelman, said the pandemic brought a lot of new people to their park.

"During the pandemic more people started to travel," said Chuck. Palo Verde RV Park was full throughout most of the

winter season in 2020, although, he said, "we haven't seen anyone from Canada since they closed the border."

The Jordans have owned the RV park since July 2019. They currently have 22 spaces and offer daily, weekly or monthly rates.

"Some stay year round," Chuck said.

All the space have full hookups for RVs. The Jordans plan to make improvements to the park by expanding the number of spaces. A space has already been leveled for the expansion. The spot was used by contractors during the Winkelman Bridge expansion.

Chuck also wanted to remind victims of the Margo Fire that there is still some used lumber available for their use.

The park is located at milepost 133 on Highway 77 in Winkelman. You can reach them by phone at 520-356-7930.

work performed by highway maintenance crews. During most of the year, crew members do pavement work, repair guardrail and clean up roadside trash. Incidents such as wildfires highlight the crews' commitment to public safety first and foremost.

ADOT crews sometimes encounter motorists who are angry and demand to be allowed to drive on a closed highway. Brett Rupp, an ADOT Highway Operations Technical Supervisor in Payson says, "ADOT maintenance crews live in and around the communities we serve and some of us have had to evacuate ourselves and our families. It's unfortunate when one of our crew members is confronted by an upset motorist because people may not realize what that person standing in the heat and smoke for several hours is going through. His or her home may be at risk, but they are still on the job protecting the community."

Community Working Group to again meet in person July 14

The Superior Community Working Group (CWG) will meet on Wednesday, July 14, at the Superior Chamber of Commerce 6-8 p.m. The community is welcome to attend and time is reserved on the agenda for public comments, questions, and discussion.

For more than a year the CWG has met virtually by video conference due to pandemic safety protocols, and this will be the first face-to-face meeting in 2021. The group will be discussing the Telegraph wildfire status, consequences and recovery efforts.

The group includes organization representatives, interested residents, officials and other stakeholders from the Town of Superior, Queen Valley, Hewitt Station, Globe, Kearny, Winkelman, Hayden, Top-of-the-World and elsewhere around the area.

The CWG was formed in 2013 to engage people from the communities potentially affected by this prospective project. The intent of the group is to provide an avenue for people to learn the facts and myths, discuss, debate and better determine the truth by considering information and data from mine officials as well as other independent expert sources.

The CWG deals with social and environmental impacts, health, safety, natural resources, engineering, water quantity and quality, geology, economics, air quality, community investments, recreational changes and other related subjects.

More information about the CWG as well as past agendas, meeting summaries, and presentations are available for public review online at <http://SuperiorAZCWG.org/>
